SUMMARY

Results-driven professional with expertise in account management, data analysis, and client solutions. Leverages strong analytical and communication skills to translate data into actionable insights and support strategic decision-making. Proven ability to manage multiple priorities, collaborate with cross-functional teams, and deliver clear, results-oriented recommendations to stakeholders.

EXPERIENCE

Goeasy LTD | Etobicoke, ON

Financial Service Representative/Customer Solutions Specialist

05/2024 - Present

- Evaluate loan applications by analyzing creditworthiness, financial data, and risk indicators to support lending decisions.
- Perform financial and risk assessments to improve loan quality and reduce default rates.
- Manage and maintain a \$2M loan portfolio, ensuring accuracy and minimizing processing errors.
- Handle collections for delinquent accounts while maintaining strong customer relationships.
- Ensure compliance with KYC and AML regulations through detailed due diligence.
- Capitalize on cross-sell and add-on product opportunities by paying attention to customer needs, specifically identifying sales opportunities, while clearly and openly communicating the terms and conditions of our financial products.

Amazon Fulfillment Center | Brampton, ON

Associate

10/2022 – 10/2023

- Delivered high-quality customer service by communicating daily with delivery drivers, actively gathering feedback, and resolving issues quickly to ensure timely and accurate deliveries.
- Collaborated with vendor representatives and customers to address delivery concerns, delays, and exceptions, ensuring prompt resolution and a positive customer experience.
- Demonstrated strong problem-solving and adaptability while managing outside track operations, responding effectively to changing conditions to maintain service standards.
- Supported customer satisfaction and team success by training and mentoring 8 new associates, ensuring a smooth onboarding experience and consistent service delivery.

ByteDance - TikTok | India

Account Manager

06/2020 - 08/2022

- Managed a portfolio of over 200 MM & SMB accounts worth \$400K spread across North America and EMEA region, driving client engagement and business growth.
- Conducted deep-dive analysis of campaign performance metrics (CTR, Impressions, Conversions, CPA) to identify optimization opportunities and increase profitability by 15%.
- Developed and presented data-driven reports and insights to clients, helping improve retention by 45%.
- Partnered with cross-functional teams (BI Analysts, Sales CRM, and Ad Ops) to enhance account management strategies and product development.
